Your Honor 1:06CR71

12-12-19

I am currently in transit. My legal paper work was taken from me by Alderson Federal prison staff, and the comment made "There goes her lawsuits". Alderson staff also forceable took my rollator from me while they shackled and handcuffed me, causing me to fall so hard that my shoes came off, and I have a gash and bruising on my right leg. Alderson also refused to give me my mobility device back, therefore leaving me completely incapacitated. The U.S. Air Marshalls were very upset that Alderson prison staff either falsified, altered, lied and or omitted my medical records and my conditions. I had to be carried by the U.S. Air Marshalls onto the airplane. They were the kindest men & woman. Oklahoma T.F.C. put me in a wheel chair. When I was leaving Oklahoma the Air Marshalls were very upset with Alderson staff, and the courts for not stepping in and doing what has been done to me. The Air Marshalls said I should have never been put on a flight because of my condition. I should not have been shackled or my mobility device taking. I was carried

off the Airplane by Georgia GEO Officers.
 Again they were Kind, Helpful, And good
 for me. I Again am in a Wheel Chair.
 My Bed Sores documented again, And
 the Gash on my Leg. I have a
 pending 2241 in Bluefield W.Va, a
 pending 42 U.S.C. 1983 in Beckley W.Va
 pending 2255 in Boone, Va And
 pending Motion for R.I.S. Compassionate
 Release, Modification, or Time Confirmation
 in Abingdon, Va.

I was only given 1 stamped envelope
 so I am requesting that the mentioned
 courts be notified, And I request
 for said cause extension on my
 response on 2255 & indigent
 documents for 42 U.S.C. 1983.

I don't understand how the F.B.O.P
 doesn't approve the Medications, treatment
 that I need to be able to walk,
 but they approve Methadone under
 the M.A.T. program. What Quality
 of life do I have if I am
 unable to walk, no rehabilitation,
 And cannot be a mother, wife
 because the F.B.O.P. tailed me.
 Yes, I broke the law, I am so
 sorry that I did, is my punishment
 equal to my crimes? I have
 been Tortured, Bullied, Denied
 medical care, my life threatened by

Alderson staff, locked down because I am handicapped, tortured more, All because I made a huge mistake, and I'm disabled. I Again am asking ANYCOURT TO have Mercy on me and my Health, And TO grant me Relief that includes Being released from B.O.P. Prison so I can be Adequately, Professionally treated.

I'll do 5 more years Probation.

My Health is drastically deteriorating. 12 months, NO treatment. How much more undue Harshness, Pain, Suffering and Emotional & Mental Abuse do I need to go through to be satisfied my sentence? I fully intend to

follow thru with Civil Action Against Alderson Federal Prison as well, for what they have done to me. My pants were raised in Retaliation by Alderson, because I reported such abuses. I am being sent to Aliceville, F.C.I. I will file Administrative Remedys. I fear for my Safety and Health going to another F.B.O.P. Facility. I pray for someone to have Mercy in the federal courts.

Thank-you
Luba Casey (phiber)
